

More Than Just A Dream

Well I dreamed of a land
Where nobody ever cries again
Won't somebody tell me please
That its more than just a dream
Won't somebody tell me please
That its more than a dream

Well I dreamed of a place
Where a smiles all you saw on children's face
Won't somebody tell me please
That its more than just a dream
Won't somebody tell me please
That its more than a dream

Then I dreamed of a land
Where nobody ever said good-bye again
Won't somebody tell me please
That its more than just a dream
Won't somebody tell me please
Its more than a dream

In the Bible John 14
God says none of these are just a dream
I'm preparing a place for you
More than you could dream will come true
More than you could dream will come true
